The Philosophy

At FUTURE STAGE CREATIONS, it is not only about incomparable service. Your business needs are always the core focus of our strategic planning.

It is our intrinsic desire to first acquire an expert understanding of all your Business needs so as to ensure your publicity campaign or event attains your every business objective - placing you two steps ahead of the rest. With our zealous drive and passion for the industry, you can be assured of unparalleled service and an acute level of professionalism in every project that we spearhead.

Our Forte

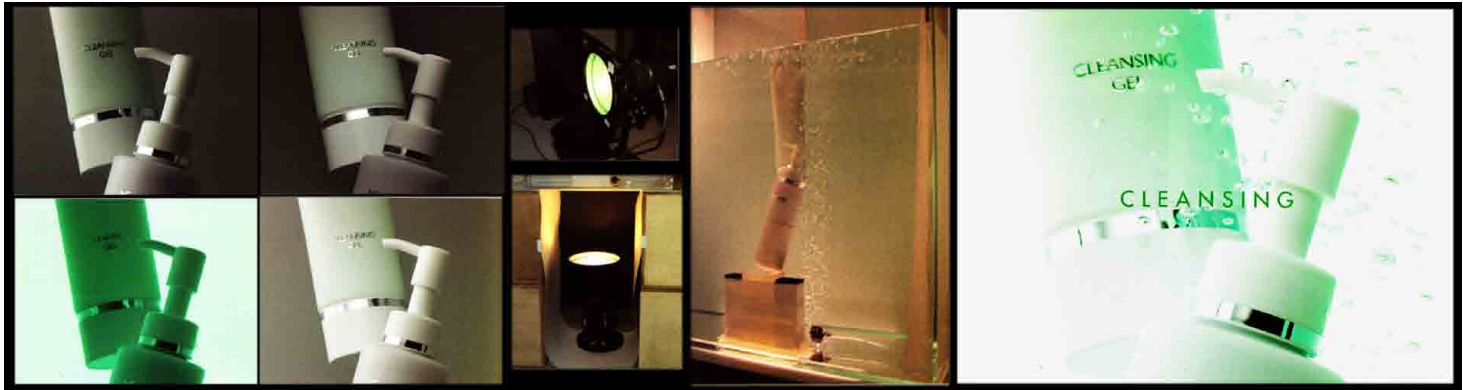

Many elements set us apart, making us the favored event management consultants. Creative concepts keep us spinning one successful project after another. We function on the premise of limitless possibilities. Even the most minute planned detail ensures your event is distinct, fresh, and most importantly, unique in concept. With our extensive event management experience in local and international arenas, we are always at the forefront of innovation and creativity. This effective mix has certainly produced some astounding results as evidenced by our credentials.

Our Management

FUTURE STAGE CREATIONS was established in 2002 by Mr. Takashi Toba.

He's our Managing Director / A&R Producer of FSC. From our Artiste, Studio Production, Event Organizing/ Coordination, International Unit, Sales Promotion and Designing Department, we have main Creative key people from Japan to organize and support our Management and Team's. With their various experience from previous projects, we can easily create newly ideas from the overseas culture. Inspired by his powerful focus, vision and zest, Takashi's fiery passion for this profession continues to propel us to remarkable heights. Takashi brings with him a wealth of over ten years of industry experience, both locally and internationally, to FUTURE STAGE.
